

Reviews for 'Thicker Than Water' by Annie Cook

Top reviews from United Kingdom

Kate

★★★★★ **Fabulous read**

Reviewed in the United Kingdom on 29 October 2024

Verified Purchase

If you have read the Teapot Cottage tales you might think you know Annie Cooks writing style and what to expect from this prequel. However it soon becomes clear that she has versatility and this, and Moral Swerve, are deeper books.

Thicker than Water has such insight into people alongside the murder that takes place. The characters leap off the page and drag you into their world.

Incredible.
